Example Quote Number A0025

Each sheet will be four-feet wide by nine-feet long and will cover 36 square feet of wall area. We suggest that you order one extra sheet of material to allow for custom fit around windows and other sharp edges.

Lay the sheets on edge to produce four-foot high wall mats. Cut some sheets in half lengthwise and lay them on edge below a four-foot mat to produce six-foot high wall mats, or stand the sheets on end to produce floor to ceiling mats up to nine feet high.

The material is one-inch thick black closed-cell low-density foam coated with a slightly higher-density black protective surface. The total thickness of the mat is 1.125 inches

We are pleased to extend a price of \$1.50 per square foot (\$54.00 per sheet).

Total material cost for 34 sheets is **\$1836.00.**

Your location is within reasonable driving distance. Therefore, we are happy to offer you free shipping.

Our customer support department will provide free telephone support and advice to your installation team. However, any on-site installation support would require additional labor costs and travel expenses.

Delivery will be two weeks from receipt of down payment (\$1000). The balance of \$836 will be due upon delivery.

Again we thank you for your interest in our product and we look forward to doing business with you.
